	Webpack

Projects

- **Marchevel Manpower Services Website (In Progress)**

A marketing website for Marchevel Manpower Services. It features a good SEO, good modern design that has an optimized UI/UX, good accessibility practice for a website and lastly optimized for performance.

- **Next Meetups (In Progress)**

Next Meetups an Instagram & Reddit Like Clone that lets you share your favorite meetup spot and describe them so that other users can see and feel the vibe of your favorite meetups. It features an automatic image filter that prevents user upload a NSFW image, also it is connected in MongoDB for the database and routed by Next.js API.

- **Portfolio Website [Live Link](#)**

My Personal Portfolio website that is built on Next.js that features a blog that is connected to dev.to REST API and a portfolio page that is connected to GitHub REST API.

- **To-do-list [Code Live Link](#)**

A Progressive Web app that lets you store your to-do, it will work even if there's no internet. It also has a theme switcher if user wants to have a dark mode or light mode.

Work History

June 2022 - Present

Freelance Web Developer • Marchevel Manpower Services

- I am currently building the website of Marchevel Manpower Services Inc. so that they can have a digital presence on the Internet. It will have a feature of a good SEO of the website, a modern-looking design, and good accessibility practices of a website

- I will also be the maintainer of this website and tasked with improvements and suggestions for my client.
